

CITY OF VALLEJO

HOUSING ELEMENT ADVISORY COMMITTEE

The Planning and Housing Division are accepting letters of interest from residents to serve on the 2009 Housing Element Advisory Committee. State required Housing Elements are part of a City's General Plan and are designed to address the existing and projected housing needs of all economic segments of the city.

Interested individuals are not required to have a professional affiliation or background in housing or planning issues, but should have an interest in housing needs. The City's goal is to have a broad cross-section of Committee members which represent all stakeholders in Vallejo.

Committee members will be expected to attend up to three housing element workshop meetings conducted by the housing consultant selected by the city. Meeting times will be during the week, late afternoon to early evening.

Letters of interest should include a brief statement of why you wish to serve on the Committee; a description of your stakeholder interest or affiliation, i.e. realtor, affordable housing advocate, etc; and your contact information (including email contact).

Letters of interest should be mailed to the following address by **July 22, 2008**:
