ALL FIREWORKS ARE PROHIBITED IN THE CITY OF VALLEJO

VALLEJO - As the Fourth of July approaches, Vallejo Fire Chief Don Parker would like to remind everyone that all fireworks are prohibited in the City of Vallejo.

Every year, police and fire emergency services respond to numerous reports of fires and injuries due to the use of fireworks. Six Flags Marine World will present their annual fireworks displays on July 3-5, with each show beginning at approximately 9 p.m. The private use of any fireworks may result in confiscation of all materials and the issuance of misdemeanor citations.

Chief Parker and the entire Vallejo Fire Department wish everyone a safe and enjoyable Fourth of July.
