

# Public Workshop - Vallejo Downtown/Ferry Parking

Wednesday August 31, 6:30 PM to 8:00 PM  
Vallejo City Hall, City Council Chambers  
555 Santa Clara Street, Vallejo

The City of Vallejo is the sponsor of the Vallejo Station Intermodal Facility Project. The project includes the two level 1200-space Vallejo Station Parking Structure, the Vallejo Bus Transit Center, and the Vallejo Baylink Ferry Terminal. The parking garage, to be constructed in two Phases, will serve the 2,500 daily patrons of the Baylink Ferry.

Upon completion of Phase I (early 2012), the City will implement a comprehensive parking management program with the goals of

- increasing customer convenience
- paying for maintenance and security of parking facilities
- ensuring adequate parking for ferry commuters without impacting parking for downtown shoppers and residents

The City will hold a public workshop **Wednesday August 31, 6:30 PM at City Hall in the Council Chambers**. This public workshop will provide

- information on the parking garage project
- an overview of parking policy and parking management
- options for parking technology in the new garage and surrounding areas

There will be opportunities to ask questions about these topics and to give the City your ideas about parking management in the downtown and waterfront areas of Vallejo.

## We want to hear from you!

For more information on this workshop, please call 415-284-1544 or email [VallejoPark@nelsonnygaard.com](mailto:VallejoPark@nelsonnygaard.com).
