WORK TO BEGIN MONDAY ON CAPITOL STREET EXTENSION

VALLEJO – Work on the Capitol Street extension from Santa Clara Street to Mare Island Way is scheduled to begin Monday, April 26, 2004.

The first part of the work, part of the State Farm Building project, will involve fencing off the area where the work will be performed. As a result, a fence will be erected from Mare Island Way through the back of the parking lot at City Hall and along the fence line of Marina Heights Apartments, back through the park and ultimately back to Mare Island Way. People on foot will need to use Mare Island Way or Santa Clara Street for access to the library or City Hall, and will not be able to walk through the park area during construction.

Work on the street extension is expected to last until October. For more information on the project, call the City's Economic Development Department at 648-4444.

A map of the affected area is attached.
