

City Manager's Bi-Weekly Report
Volume 1, Issue 19, July 3, 2013
Daniel E. Keen, City Manager

OFFICE OF THE CITY MANAGER

General Municipal Election

At its regular meeting on June 25, the City Council took action to officially call for a General Municipal Election that will be held in the City of Vallejo on Tuesday, November 5, for the following officers:

- Members of the City Council (Three) Full terms of four years
- Members of the City Council (One) Short term of two years

The nomination period for the members of the City Council opens at 8:30 a.m. on Monday, July 15 and closes at 5:15 p.m. on Friday, August 9. If nomination papers for an incumbent officer of the City are not filed by August 9, 2013, the nomination period for non-incumbent candidates for that office will be extended to 5:15 p.m. on Wednesday, August 14. This extension is not applicable where there is no incumbent eligible to be elected.

All nomination papers must be obtained from the City Clerk during normal business hours, 8:30 a.m. to 5:15 p.m. Monday through Friday. Although not required, it is preferred that candidates contact the City Clerk at (707) 648-4528 to schedule an appointment to take out and/or file nomination papers.

New Measure (Charter Amendment)

The City Council placed a Measure ([Charter Amendment](#)) on the ballot for consideration by the voters at the November 5 Election.

The proposed Charter Amendment would amend sections 302, 319 and 1,000 of the City of Vallejo Charter to change the City's general municipal elections from odd-numbered to even-numbered years to consolidate with the Statewide elections and reduce election costs by approximately \$250,000. Additionally, the amendment would extend the terms of existing City Council Members and Mayor approximately 13 months to make that transition, and change the date candidates and the Vice Mayor assume office. The charter amendment only requires a majority vote to pass.

The complete text of the measure (charter amendment) is available on the [City's web-site](#) or by contacting the City Clerk.

The **Primary Argument** filing period will close at **5:15 p.m. on Tuesday, July 9, 2013.**

The **Rebuttal Argument** filing period will close at **5:15 p.m. on Friday, July 19, 2013.**

A Notice of Schedule and Procedures for the filing of ballot arguments for the measure (charter amendment) are available on the City's [website](#) or by contacting the City Clerk. All primary and rebuttal arguments, along with the appropriate signature forms, must be hand delivered to the City Clerk during normal business hours by the deadlines stated above.

Additional information about the General Municipal Election, including the measure (charter amendment) will be available on the City's [website](#) between now and November 2013.

Contact: [Dawn G. Abrahamson](#), MMC
City Clerk
(707) 648-4528

Staff Promotion

The Housing and Community Development Division is pleased to announce the recent promotion of Dora "Liz" Arriaza, who successfully competed in an open recruitment process, to Housing Specialist. Arriaza has been with the City for 19 years, spending two years with the Economic Development Department before moving to Housing and Community Development, where she has been a valuable asset. She lives in Vallejo with her family.

Communications Outreach

In an effort to be more transparent and increase communications between the City and the Vallejo residents, the City will be placing a [flyer](#) insert in the Times-Herald newspaper the various communication outlets the City has to offer.

The color flyer includes QR Barcode scanners linked to the City's website and to Open City Hall. With use of a smartphone App, users can simply scan the QR code and be taken directly to the specified website. Additionally, the flyer provides URLs to the City's Facebook page, SeeClickFix, City Agendas and Videos, Nextdoor and a "Contact Us" email link.

The flyer is expected to reach 10,600 Vallejo Times-Herald recipients on Saturday, July 13 at a cost of just over \$300.

PG&E Former Vallejo Manufactured Gas Plant Project

During the period of June 24 through June 28, the following work was completed for the PG&E former Vallejo manufactured gas plant investigation project:

- Conducted utility clearance for soil borings in Mono Street and City Lot

- Drilled soil borings at historic gas plant parcel and on Mono Street
- Sampled soil gas probes at boat launch facility and First Capitol Auction parcel

The following work is planned for the PG&E former Vallejo manufactured gas plant investigation project for the week of July 1 through July 5:

- Drill soil borings at historic gas plant parcel, Mono Street and City Lot
- No work will be scheduled for July 4, work will resume on July 5

Temple Art Lofts

The historic Temple Art Lofts in downtown Vallejo's Arts and Entertainment District is nearly fully occupied, with only four units remaining. It is anticipated to be fully occupied by the end of this week. Currently, all the residents are artists or are pursuing artistic interests.

The Grand Opening of Temple Art Lofts is scheduled for August 5, in collaboration with the City's ribbon cutting and re-opening of Virginia Street.

Future Agenda Items List

The Future's List is used exclusively by City staff as a draft working document for planning and tentative scheduling of agenda related items and does not represent any final dates for placement and presentation to the legislative body (City Council, Housing Authority and/or Successor Agency). The list provided is an abbreviated version including only the most significant policy and action items. The list is subject to change by staff and may not represent all items that eventually will appear on any given final meeting agenda. Follow this link to view the [Future's List](#).

ECONOMIC DEVELOPMENT DEPARTMENT

PLANNING DIVISION

Community Outreach

Planning Manager Andrea Ouse conducted a presentation to the Vallejo Heights Neighborhood Association (VHNA) at their regular meeting on June 22. The presentation was a great way to introduce Ouse to the VHNA and provide a summary of her background.

The experience also provided an opportunity to present a primer on City Planning and the typical duties of a planner. Ouse used the opportunity to introduce the upcoming comprehensive updates of the General Plan and Zoning Code, and Specific Plan Integration projects. Feedback from approximately 30 VHNA members in attendance was overwhelmingly positive and Ouse has been asked to return for a follow-up presentation in the future.

The "City of Vallejo – Economic Development Department" has joined [Nextdoor!](#) The Department is excited to use the communication tool to enhance transparency and en-

gage the community. They will provide frequent updates as they relate to special projects, initiatives, processes and code changes.

County Workshop

Planning Staff participated in a Countywide Workshop on Climate Change at the Solano County Events Center in Fairfield on June 27. The event was sponsored by the Solano Transportation Authority, who is currently working with Solano County cities that do not have [Climate Action Plans](#) (CAPs), namely Dixon, Fairfield, Rio Vista and Suisun City, to help develop their CAPs.

The workshop was the third community event held for the program. Currently, Vallejo and Benicia are the only cities in the County that have adopted CAPs. Solano County also has an adopted CAP and Vacaville is currently developing a CAP as part of their General Plan update. Vallejo adopted its CAP in March 2012. General information on how [businesses](#) and [residents](#) can help Vallejo respond to Climate Change and reduce Greenhouse Gas emissions is available at the Central Permit Center, located on the Second Floor in City Hall. The Vallejo [CAP](#) is available on the City's web site.

Statistics

For the month of June, the Division approved the following requests:

- 4 Sign Permits
- 1 Administrative Permit for a food concession trailer
- 1 Certificate of Appropriateness for a historic property
- 1 Minor Exception permit for a garage conversion

During the period of June 17 to June 28, the following inquiries were processed:

- 39 Planning application questions
- 36 Business License sign-offs
- 30 Zoning questions
- 28 General property inquiries
- 29 Building Permit application reviews/sign-offs
- 9 Miscellaneous requests
- 5 Code Enforcement complaints

In addition, the department sent 4 public notices to approximately 184 property owners/ organizations announcing upcoming meetings and proposed decisions on Planning permits, and closed 5 zoning violation cases.

BUILDING DIVISION

Statistics

For the month of June, the Building Division issued 127 permits.

FINANCE

Business License

The department recently sent out [Business License](#) renewal notices to approximately 6,000 businesses operating within the City. Business License revenue is approximately \$1.4 million or 1.5% of the City's General Fund revenues. Applications are available on the City's [website](#).

Secured Property Tax Assessed Values

On July 1, the Solano County Assessor issued a [press release](#) outlining the expected changes to the Secured Property Tax Assessed Values. For Vallejo, the county has expressed that the Assessed Values have increased 8.13%. This increase is for all funds and all tax areas within the City.

Department staff has projected that if the assessed value holds at the level the County is projecting, the City of Vallejo could see between \$1.2 million and \$1.9 million in additional revenues for Fiscal Year (FY) 2013-14.

The assessed values for the City need to be finalized through the Auditor Controller's Office and is subject to change. As with changes in City costs discussed during the budget deliberations, updated revenue projections will be addressed at the mid-year budget review.

FY 2013-14 Budget

The City Council adopted the [FY 2013-14 Budget](#) on June 25. The Budget approved staffing resources (pages A-1 and B-1), and the Salaries and Benefits listing by department (pages J-28 through J-38). Along with the General Fund Budget, which includes the Measure B spending plan (pages D-1 through D-54).

Approved Measure B allocations are as follows:

Rebuilding Reserves

General Fund Reserve - \$1,500,000
Risk Fund Reserve - \$500,000

Preserving and Enhancing Public Safety

Add Field Police Staffing - \$3,000,000
Disaster Preparedness - \$65,000
Reserve Firefighter Program - \$20,000
Retain SAFER Grant Funded Positions - \$440,000

Preserving and Enhancing Quality of Life in Vallejo

Neighborhood Law Program - \$245,000
Code Enforcement Program - \$200,000
Vallejo Neighborhood Association ordinance - \$10,000
Rental Inspection Program - \$55,000

Enhancing and Reconstructing Infrastructure

- Local Residential Street Maintenance - \$2,400,000
- Marina Dredging - \$300,000
- City Tree Maintenance Program - \$100,000

Improving Community Aesthetics

- North Mare Island Building Demolition - \$500,000
- Demolition of Hazardous Buildings - \$60,000
- Graffiti Abatement Program - \$60,000
- Citywide Volunteer Program Coordination - \$75,000

Setting the Table for Economic Development

- General Plan Update (Year 2) - \$500,000
- Implement Economic Development Strategy - \$400,000

Generating New Revenue and Enhancing Government Efficiency

- Records Retention Program - \$59,256
- Technology Repairs and Upgrades - \$200,000

Leveraging City Assets

- Community Events Partnerships - \$15,000
- Interagency Efficiency - \$0

Participatory Budgeting

- Participatory Budgeting Projects - \$1,635,000
- Implementation of FY 2012-13 Participatory Budgeting projects - \$150,000
- Community Engagement Coordinator - \$215,000

Water Rates Increase

Effective July 1, all water rates are increasing. The increase averages 6% bi-monthly, an average of \$1.70 for the City’s water customers, and 4% bi-monthly, about \$15 for customers who reside outside the City limits.

FIRE DEPARTMENT

4th of July

Vallejo citizens will be offered two opportunities to view professional fireworks shows again this year. These will take place on the Vallejo waterfront and at Six Flags Discovery Kingdom. Six Flags will also be providing fireworks shows on Friday, July 5th and Saturday, July 6th. All shows will begin at approximately 9:30 p.m.

Vallejo only allows professional permitted fireworks in our community. All other fireworks (including "Safe & Sane") are prohibited. If you have fireworks and would like to have

them disposed of, you may contact Vallejo Dispatch at (707) 552-3285 and they will notify Fire Department staff to contact you for pick-up.

Please keep in mind that loud explosions and firework displays often frighten pets. Leave pets at home in a safe environment. Do not take pets to public firework displays.

On behalf of the City of Vallejo, have a fun and safe Independence Day!

Calls for Service

The department responds to a variety of calls for various situations. The following is a breakdown of the mid-year call volume, from January 1, 2013 through June 30, 2013.

EMS calls	4,986
Hazardous conditions	127
Fire calls	290
False alarms	298
Good intent	777

Truck 21	1,248
Engine 21	208
Engine 22	1,263
Engine 23	1,574
Engine 24	1,596
Engine 25	1,030
Engine 27	668

Overall, the Department responded to 10,615 calls (including multi-unit) and 6,529 incidents. The total fire loss was \$3,838,410 in property damage (furniture, clothes, electronics, etc.) and damage to the structures themselves.

This mid-year call volume of 6,076 is a 7 % increase over last year.

Informational Meeting

The Fire Prevention Division, in collaboration with the California Apartment Association, hosted an informational meeting for property owners and managers of R-2 Occupancy (multi-family dwellings) residences on June 27. With approximately 45 people in attendance, the meeting was considered a success.

Interim Fire Chief Prince reviewed fire data in the City indicating that a substantial number of fires are occurring (an average of one fire every 10 days) in apartment buildings with fire loss averaging over \$13,500 per fire. He also explained the cost/benefit analysis of the R-2 program designed to increase fire safety and therefore reduce the occurrence of fires.

Division Chief Sproete discussed in detail the Residential Occupancy Inspection Program. After an overview of the program, the 45-minute Q&A provided answers to questions ranging from notification, fees, inspection times and fire protection systems.

The meeting was then turned over to Fire Investigator Warner, who discussed in detail the tragedies that occur when smoke detector batteries are removed. Warner

shared the most recent fatalities involving two adults and a child. Sproete closed the meeting promising excellent customer service in the handling of program questions.

New CERT Classes September 2013

The Department is currently accepting applications for two upcoming Citizen Emergency Response Team ([CERT](#)) classes. The program is designed as a neighborhood based program, enabling neighborhoods to assess and help themselves until emergency responders arrive. CERT training involves seven four-hour classes over six weeks, for a total of 28 hours. Classes will be held at the Vallejo Fire Department's Training Center, located at 703 Curtola Parkway.

Classes will cover the following:

- Personal and household emergency preparedness
- Fire Safety and Utility Control
- Disaster Medical Operations
- Light Search and Rescue
- Safety and Situational Awareness
- Final course with hands-on drills and a written test

Currently, the Vallejo Fire Department CERT program has trained over 175 citizens. This course is funded by a FEMA Grant and Measure B funds, and is free to citizens of

Vallejo. There is a limit of 20 participants per class who must be at least 18 years old. Individuals who are interested in signing-up can contact Fire Prevention, download the information form from the City's [website](#) or e-mail [Shirley Herbert](#).

HUMAN RESOURCES

New Employment Opportunity

Communications Operator I (911 Dispatcher)

- Salary: \$3,409- \$4,144 (monthly)
- Closing date: Continuous
- Location: Police Department

Interested persons can visit the City's [website](#) for additional information.

POLICE DEPARTMENT

Personnel

Retirement

On Thursday, June 28, officers in the department organized an event for retiring Police Captain Ken Weaver, Badge #470. The department is very grateful for Weaver's 29-years of service and will greatly miss him. Weaver said he is ready to spend more time with his wife and children, and is looking forward to hunting in Montana.

Promotions

Please join the City in congratulating the following employees:

Sergeant Herman Robinson

Robinson was promoted to the rank of Lieutenant effective July 13, 2013. Lieutenant Robinson will celebrate his 40th anniversary with the Vallejo Police Department on September 1, 2013.

Officer Steve Darden

Darden was promoted to the rank of Sergeant effective July 13, 2013.

Both Lieutenant Robinson and Sergeant Darden will remain in Patrol - Field Operations.

As a reminder, the Vallejo Police Department has had several other promotions:

- Officer George Simpson was promoted to the rank of Corporal effective July 1, 2013
- Corporal Jason Potts was promoted to the rank of Sergeant effective July 1, 2013.
- Officer Michael Nichelini was promoted to the rank of Sergeant effective June 29, 2013.
- Sergeant Jeff Bassett was promoted to the rank of Lieutenant - Effective June 29, 2013.
- Lieutenant Lee Horton was promoted to the rank of Captain effective July 1, 2013
- Lieutenant Jim O'Connell was promoted to the rank of Captain effective June 29, 2013.

“I am very proud to announce the latest round of promotions.” Said Police Chief Joseph Kreins. “My sincere congratulations to all of our newly promoted staff who have in total, dedicated more than 150 years of service to the City of Vallejo and the Vallejo Police Department!”

New Equipment

In the late 1990's, the Department received an Armored Personnel Carrier (Peacekeeper) through the [1033 Program](#). The 1033 Program allows the US Department of Defense to transfer, without charge, equipment to State and local law enforcement agencies. In the last five years, the Peacekeeper has not been reliable or adequate in providing an appropriate response to critical incidents due to on-going mechanical issues.

In June, Captain Weaver contacted Sergeant Gibson, the 1033 Specialist at CalEMA, to inquire about an armored vehicle. He was quickly able to locate a Peacekeeper and a HMMWV (Humvee) for acquisition from the Napa County Sheriff's Office.

Captain Weaver and Captain Horton met with Napa Sheriff Sergeant Mike Clark, inspected the vehicles, and determined they would suit the Department's needs. On June 20, the Department took possession of both armored vehicles.

In addition to the armored vehicles, the Department is also acquiring a 7-person armored personnel carrier, the MaxxPro MRAP, from the Army Depot in Red River Texas. The MaxxPro will also be acquired through the 1033 Program. The Department should be in possession of the Maxx-Pro by September.

Below are photographs of the three armored vehicles. The vehicles require some additional work including repainting, along with the addition of the Vallejo Police Department logos. These recent acquisitions should keep the department prepared to respond to critical incidents involving acts of serious violence and terrorism until funding can be secured for a Lenco Bear.

The value of the Peacekeeper is \$65,070, the HMMWV is \$40,441, and the MRAP is \$658,000 for a total net worth of \$763,511, all acquired without City funds via the 1033 program.

Safety Tip from the Department

Avoiding Property Theft from Your Car

A thief can smash a car window and steal personal property in a matter of seconds. Personal property thefts from automobiles can be avoided by taking the following precautions:

- Don't leave valuables in your car unattended. It's not enough to hide items in the trunk, in the center console or under the seat, or to cover them with a towel. Thieves case parking lots to see where a potential victim hides valuables so they can be easily accessed.
- Don't leave mail in your car. A thief can use financial statements and other personal information to steal your identity.
- Don't keep your vehicle registration card in your car. A thief can use it to make a

fake title and get a title loan against your vehicle. Keep a copy of it on your person and the original in a safe place.

- Don't leave an empty GPS mounting device or electronic cables and accessories in your car. It's a hint you have electronics inside.
- Park your vehicle in well-lit areas with pedestrian traffic.
- Activate your car alarm as a deterrent.
- Always lock your vehicle and close your windows and your sunroof.
- Don't leave house keys or a garage door opener in your vehicle. A thief can steal property from your vehicle and your home.

PUBLIC WORKS

Acting Assistant Maintenance Superintendent - Grounds & Facilities

The Maintenance Division is pleased to welcome Roland Rojas as Acting Assistant Maintenance Superintendent of the Facilities and Grounds branches. This position was previously held by Fiona Strykers, who was recently promoted to Assistant Public Works Director - Maintenance.

Rojas started as a carpenter in 1979 and obtained his Class B General Building Contractor license in 1984. He came to work for the City of Vallejo in 1994, starting in the Public Works Maintenance Division as temporary help and he became a permanent employee in 1996. During his time with the Maintenance Division, Rojas performed various duties for and worked within all of the Division's branches: Marina, Streets, Traffic, Grounds, Water Maintenance, and Building Maintenance.

In 2005, Rojas was promoted to Construction Inspector/Engineering Tech II in the Public Works Engineering Division. He inspected new subdivision improvements before moving on to Public Works Capital Improvement Projects (CIP), including the new Sol-Trans Transit Center and the Ferry Building remodel. He also assisted with inspections of the Vallejo Parking Structure and the realignment of Mare Island Way. Prior to transferring to his current position, Rojas had been promoted in February 2013 to Senior Engineering Technician.

With his diverse experience and familiarity with the City, Rojas is, once again, a great addition to the Public Works Maintenance Division.

Maintenance Division Work Orders

The Maintenance Division receives numerous reports regarding various maintenance

issues on a daily basis. Reports are received in multiple ways including email, left as a message on the Illegal Dumping and Graffiti hotline, called in directly, reported in person or from the website [SeeClickFix](#).

Between the dates of June 15 to June 30, in addition to regularly scheduled routine maintenance, the Maintenance Division generated the following work orders:

- Graffiti 42
- Street Lights 29
(Lights out or malfunctioning)
- Illegal Dumping 56
- Weed Abatement 16
- Signs/Poles/Guardrails 29
(Repair/replacement of damaged, faded, or missing/stolen items)
- Potholes/Skin Patch Repairs 13
- Water Main Breaks/Emergency Call Outs 12
- Water Miscellaneous 52
(Reports of low pressure, leak detection requests, water turn off/on requests)

Engineering Permits Issued

The Engineering Division issues permits at the Central Permit Center, along with Building Division, Fire Prevention, Planning and Business Licenses.

The mid-year (January through June 2013) permit volume for the Public Works Engineering Division issued the following permits:

- Encroachment 52
- Excavation 193
- Sidewalk/Driveway 9
- Street Closure 15
- Tree Removal 3

Paid Parking to Begin in August

The Vallejo Station Parking Structure and downtown parking lots will begin to charge for parking on August 1. Until that time, parking will be free.

Monthly parkers will be charged \$20 per month (or approximately \$1 per work day) to park, with monthly permits valid between the hours of 5 a.m. and 9 p.m. Monthly parkers will be capable of extending their parking overnight for an additional \$4.00 per day. Daily parkers without a monthly permit will pay \$5 per day (up to 24 hours). These prices were set at the lowest possible rate to cover ongoing operation and maintenance of the new garage facility. Luke II paystations manufactured by Digital Payment Systems will be placed at 19 convenient locations throughout the parking garage and surface lots so that motorists without a monthly permit will be able to pay on their way to the bus or ferry.

In advance of beginning the new paid parking structure, the City will reach out to ferry

riders and other users of the parking facilities to inform motorists of the coming changes and answer questions regarding payment methods. During the first two days of paid parking operation (August 1 and 2), City staff and trained ambassadors will be stationed at various locations throughout the waterfront lots and the garage from 6:00 a.m. to 10:00 a.m. to assist motorists who may need help with the payment machines. A [demonstration video](#) on how to operate the paystation machines will soon be available on the City's website.

In addition, starting August 1, motorists will be able to pay for parking with their cell phone using Parkmobile's mobile applications for the iPhone, Android, Windows, and Blackberry, or online [here](#). Commuters and those who park regularly in the waterfront garage and lots may find it convenient to buy a monthly parking permit online, allowing them to bypass the paystations and proceed directly from their car to the bus or ferry. Daily parkers or those who park infrequently in the waterfront garage or lots can pay for parking online as well, but most will likely find it more convenient to pay in person at one of the 19 paystations.

To ensure that motorists have paid for their parking, enforcement will be done using License Plate Recognition (LPR) software. Motorists will simply enter their license plate number at a paystation, online, or via phone and provide a form of payment and the LPR system will do the rest. Drivers with no license plate will need to put the receipt from the machine on their dashboard.

Paid waterfront parking is part of a comprehensive [parking management plan](#) recently completed by the City with the goals of:

- **Increasing parking convenience** for ferry and bus riders to increase transit ridership and decrease regional traffic congestion
- **Paying for maintenance and security** of parking facilities that benefit ferry and bus riders
- **Ensuring adequate parking** for current and future ferry commuters without impacting downtown shoppers, visitors, or residents of nearby neighborhoods

For questions regarding paid waterfront parking, please call Marty Hanneman at (707) 648-4300.

Ferry Riders Use Parking Machines

The Public Works Department is working to refund parking fees paid by commuters on Monday who thought parking enforcement was to begin July 1.

The pay kiosks were installed, wrapped in plastic, and turned on late last week in order to perform system testing. It was previously set to go live on July 8, but that date had never been formally announced and it was decided to wait until August 1.

Over the weekend, the pay kiosks were unknowingly unwrapped. It is believed that with the beginning of a new month, non-regular commuters using the ferry due to the BART strike, and the machines being turned on, several people were confused and paid for parking rather than risk getting cited.

Following Monday morning's confusion, the Engineering Division re-wrapped and posted flyers on the machines, on the Engineering Division webpage of the City's website, the [City of Vallejo Facebook](#) page and on [Nextdoor](#) to prevent further accidental use and to notify customers who had paid to contact the Engineering Division for remediation.

It's Hot Outside

News surrounding the recent heat wave continues to dominate local airwaves. It is terribly hot, but who knows the impact the higher temperatures have on the City's drinking water production capabilities? The City's Fleming Hill drinking water facility has the capability of delivering 42 million gallons of drinking water per day. With that number in mind, we compared Vallejo's treated water delivery totals for the last 5 days with its 100 degree temperatures with the previous 5 day period and found that water customers have increased their total daily water demand by 2.8 million gallons per day (MGD), a 16% increase (a 20.4 MGD average verses a 17.6 MGD).

While the water production numbers indicate the city is well below its maximum water delivery capacity of 42 MGD, a 16% jump in local water use does deserve our attention. Most of the increase in water use can be attributed to outdoor irrigation. Water customers are encouraged to continue their good water conservation efforts by watering lawns early in the morning or late at night, and to immediately fix any visible irrigation water leaks. Customers are also encouraged to visit the water conservation [web-site](#) for more ideas on how to help save water.

UPCOMING EVENTS

*Note: Events are subject to change. Please visit the [City Calendar](#) located on the City's Website for the most up-to-date information.
