

A1 Potholes and Street Repair

This project supplements the Public Works budget for street repair/maintenance. Vote for a smooth ride and improve Vallejo's image!

Cost \$550,000

Location Citywide

Who Benefits

This project benefits residents and visitors alike who travel on Vallejo streets. It also benefits all taxpayers, since all vehicles will require fewer repairs caused by potholes.

Project Description

The entire cost of this project is to be directed to Public Works to supplement their street repair budget. This project will enable the City to do more street repair and address problems sooner, rather than later. It will help minimize the need for drivers to replace tires or undergo wheel alignment due to rough surfaces. Better streets will also improve Vallejo's image among visitors.
