PUBLIC NOTICE: SANTA CLARA STREET CONCRETE REHABILITATION PROJECT – MEASURE ‘B’ FY 2013-2014 FROM CAROLINA STREET TO TENNESSEE STREET

VALLEJO, CA – On June 2, 2014, the first of two phases of roadway rehabilitation is scheduled to begin on Santa Clara Street, between Carolina Avenue and Tennessee Street. This first phase of concrete rehabilitation will include curb ramp upgrades in compliance with the Americans with Disabilities Act, and removal and replacement of deteriorated concrete sidewalk, curb and gutter. The second phase, pavement rehabilitation, will include removal and replacement of asphalt street pavement and is scheduled to begin late this summer.

JJR Construction, Inc. has been contracted by the City of Vallejo to begin this first concrete rehabilitation phase of work, and is expected to be completed by the end of July of 2014. For increased safety, we request that motorists and pedestrians be extra cautious and aware of construction workers, equipment, and materials on Santa Clara Street throughout the course of this project.

Feel free to contact the project manager, Emi Pearce, at (707) 648-4697 or by email at epearce@ci.vallejo.ca.us with any questions or concerns regarding this project.
