

We need *YOUR* help...

September 24<sup>th</sup> 6:30pm

The Vallejo Marina will be hosting a Neighborhood Watch Training at 2 Florida Street

Even if you're not a live-aboard, our Marina is as much a neighborhood as any others, and our boats an investment just like our homes. Please attend this meeting, where we will discuss different strategies on how to get to know our Marina neighbors; how to protect ourselves, our neighbors, and our property from being victimized; and how to report crime and undesirable types of activities within our Marina.

*LOW* crime does not mean *NO* crime!
