FOR IMMEDIATE RELEASE: September 11, 2014

FOR MORE INFORMATION:

Gary Cullen, Associate Civil Engineer, 707-648-4538, gcullen@ci.vallejo.ca.us

WORK TO BEGIN ON TOP DECK OF VALLEJO PARKING GARAGE

Beginning Monday, September 15, the top (street) level of the Vallejo Station Parking Garage (located off of Santa Clara Street or the first level of the ramp), will be closed for maintenance sealing work before the start of the rainy season. The project is expected to last two weeks through Friday, September 26. All patrons wishing to use the parking garage should access the remaining parking spaces through the entrance on Mare Island Way.

This work will affect approximately 147 parking spaces (including 6 handicap spaces) of the 750-space parking garage. The work was scheduled to coincide with the beginning of the San Francisco Giants away game series, which will lessen the impact of this closure.

Guests can use the remainder of the parking garage and surface lots located along Mare Island Way between Maine Street and Capitol Street. Pedestrians may continue to use the paseo to travel between the Soltrans Bus Terminal and the Ferry Building.

Please visit the [Waterfront Parking](#) page on the City's website for information about permits or changes in work.
